PROHIBITION OFFICIALS STAGE INVESTIGATIONS HERE

Elections, rumors of war, the situation in the Far East, foot ball, and all other absorbing topics had to take a back seat in the city yesterday, when it became known that prohibition officers had visited a number of Paris business houses and made two arrests as a result of their investigations. Such news creates more excitement in Paris than would the resumption of the great world war.

F. G. Fields, B. F. Unthank and W. C. White, prohibition enforcement officials from the Lexington office, accompanied by Hayes Green, of Barbourville, came to Paris yesterday morning, and equipped with search warrants, visited a number of places on Main street, searching the premises thoroughly and inspecting soft drinks at several places. Their search was unrewarded and fruitless, as all the places visited showed clean bills and free from suspicion.

Extending their field of operations the officials under authority of their warrants, arrested Edward Herrin, of Paris, as he was entering the First National Bank building, and, it was alleged, after a search, found a half-pint of moonshine on his person. Going to Herrin's room in the Dow building, they instituted a search, and finally found a copper still, with a capacity of thirty gallons, in operation, with about a gallon of moonshine newly-made. The still was warm when found. The officials destroyed the still and confiscated the liquor. Shortly after this they placed Joe Frakes, of Paris, under arrest, on a charge of interfering with officers in the discharge of their duty, alleging that he had attempted to "tip off" their visit to Herrin and others.

PARIS CITY SCHOOL NOTES

Misses Zerelda Nolan and Lula Blakey, English teachers in the Paris High School, will attend the conference of English teachers in Chattanooga, November 30. December 1 and 2. This is the National Council of Teachers of English, and it is the first time it has met in the South.

Miss Ellen Blanding, supervisor of Music in the Paris City Schools, was notified this week that she had been appointed a member of the State Advisory Committee of Kentucky for the National Music Association of America. The next meeting will be held in April, 1923, in Cleveland, Ohio, and will be one of the most important musical meetings held in America next year. Miss Blanding's chief duties as a member of the committee will be to bring before the meeting some of the musical conditions and needs of Kentucky.

One of the most important and attractive evening classes to be organized in Paris this winter will be a class started Monday night, November 13. This class will be taught by Mr. Horace Miller Clay, of the University of Kentucky. Last year Mr. Clay conducted an evening class in Paris in shop mathematics and mechanical drawing. This year his subject will be vocational mathematics and applied electricity. The courses are planned for men who have not had the advantage of college courses in electrical engineering, but who wish to obtain some practical knowledge of electrical engineering. The mathematics is taught in connection with electricity, so that the student may better grasp the subject.

The courses in applied electricity comprises the fundamental laws of electricity and magnetism a. c. and d. c. dynamos and motor power transportation, lightning, wiring transformers and storage batteries. The above is presented in such a way as to be understood by the average practical mind. They will be both enjoyable and beneficial and larger enrollment is expected.

The Extension Courses in Hygiene and Shakespeare will not meet to-morrow, Saturday, November 11, on account of the Armistice Day celebration, but will meet on Saturday, November 18, as usual.

And yet, there may be days when even a skunk can't lay up a scent.

ARMISTICE DAY CELEBRATION HERE TO-MORROW

Armistice Day, that day of sorrow, and yet of joys and tender memories marking the close of a great world war, and the roll call of thousands of heroes who gave up their lives in defense of the world's freedom, will be appropriately celebrated in this city to-morrow, as it will be in thousands of other places, with appropriate ceremonies.

One of the chief features of the program will be the dedication of the Memorial Building, at the corner of High street and Broadway, and the unveiling of a bronze tablet, on which is inscribed the names of those patriotic Bourbon county boys who died in defense of "liberty, justice and peace." This tablet was placed in position on the wall on the Broadway side of the building Tuesday by Mr. F. S. Hagan, a world-war veteran, and Mr. Frank Thomas, of the Murphy & Thomas Monument Co., of Paris. It is a beautiful specimen of the bronze founders art, of a neat and chaste design, surmounted by a bronze eagle, holding a scroll in its talons.

Judge George Batterton, chairman of the Committee on Arrangements, and composed of Miss Lucy Blythe Simms, Mrs. Wm. O. Hinton and Prof. Lee Kirkpatrick, assisted by representatives from the various patriotic and civil organizations of the county, will assist in the ceremonies. The principal address will be delivered by Attorney W. C. G. Hobbs, of Lexington, an orator of great eloquence.

Representatives from the American Legion Posts of neighboring towns will be present and take part in the ceremonies. At the close of the program a lunch of sandwiches, coffee and pie will be served to the Legion boys, in the Memorial Building, by the members of the D. A. R., the U. D. of C. and the Bourbon County War Mothers.

The line of march to-morrow will form at the Seventh street entrance of the Paris High School, at 10:30 o'clock, and will be as follows:

Police Department; Fire Department; City Officials; County Officials; Boy Scouts, with their band, leading a chorus of Paris City School children, Floats, Senior Class, By-The-Wayside Historical Club, representing the "Big Four" in France, with "Peace" towering over their seats; Float, by the Junior By-The-Wayside-Historical Club, representing the signing of the New Declaration of Independence in 1919; Cincinnati Band; Bourbon Post, American Legion, and delegations from Legion Posts from other towns.

The parade will proceed down Seventh street to Main, to Broadway, to the Memorial Building, where the following program will be carried out: Prayer, Rev. O. B. Crockett; Raising of the colors over the Memorial Building by Bourbon Post, American Legion, with military honors; music; address by W. C. G. Hobbs, of Lexington; unveiling of bronze tablet to the memory of the Bourbon county boys who gave their lives in the world war, by Commander T. S. Smylie, of Bourbon Post, American Legion, who will place a laurel wreath at its base; benediction by Rev. Walter S. Cain.

In furtherance of the aims and objects of Armistice Day Mayor E. B. January has issued the following proclamation, calling on the people of Paris to join in observance of the day in the proper spirit:

To the Citizens of Paris, Ky.—Greetings: Armistice Day is and should be to all who love their country, who honor valor, who cherish noble deeds and purifying sacrifices a holy, sacred day.

I therefore call upon every citizen of this city to observe this day; to join with the ex-service men and women of this city, with the American Legion and the society of foreign wars and to assist in any way in the ceremonies commemorating the services of Bourbon county soldiers and sailors and to vow allegiances and fealty to the great principles that gave our country birth; that has preserved it, and with the support of its patriotic sons and daughters will assure the future greatness of the country and will bring glory to the republic.

E. B. JANUARY,
Mayor.

Kentuckians are called upon to join with the men and women who served in the World War to commemorate the services of Kentucky's soldiers and sailors in a proclamation issued by Governor Morrow. The proclamation follows:

"To the People of Kentucky, Greeting:
"Armistice Day is, and should be to all who love their country, who honor valor, who cherish noble deeds and purifying sacrifices, a holy, sacred day. This day marked

COURT NEWS

Rev. William Dunson, colored, former pastor of the colored Baptist church, of Millersburg, has filed a suit in the Bourbon Circuit Court, through his attorney, Raymond Connell, against the Trustees of the church, for the unpaid portion of his salary, amounting to \$250, and for breach of contract. In his petition he claims he was dismissed from the pastorate without just cause, and that he has been unable to secure another position, all of which was damaging to his financial prospects and his pride in the sum of \$250, as asked for.

Mrs. Lula S. Howard, of Bourbon county, filed suit in the Circuit Court against Frederick A. Wallis, of New York, who owns two large bluegrass farms in Bourbon county, for the sum of \$338.58, alleged to be due her as share of a crop of tobacco raised on the shares. She alleged that she had a verbal agreement with Mr. Wallis to raise the crop on a fifty-fifty basis; that Mr. Wallis sold the tobacco to the Burley Tobacco Association for \$1,117.16, making Mr. Wallis' indebtedness to her \$558.58, subject to credit amounting to \$170.00, leaving the balance, \$338.58.

In the Fayette Circuit Court at Lexington, Joseph and Sam Houston, former Bourbon county farmers, defendants in a \$500 damage suit filed by Clarence Lebus, were given a verdict for \$717.97, by the jury. In his suit Lebus claimed the defendants unlawfully detained three hundred sacks of wheat during the 1920 threshing season. The judgment carries interest on the total amount from 1920 until it is paid and directs that the defendants' costs be paid by the plaintiff.

DECLARES ARMISTICE DAY LEGAL HOLIDAY

Armistice Day, Saturday, November 11, has been declared a State holiday by Governor Edwin P. Morrow, in a statement issued at Somerset, where he had gone to vote.

"The purpose of the Armistice Day proclamation," Governor Morrow said, "was to set apart the day as a legal holiday and I call upon all Kentuckians to observe the day as such."

Bankers throughout the State raised the question as to whether Armistice Day was to be observed as a legal holiday.

for the world the close of its most titanic struggle and brought us as a nation peace with a glorious victory. To heroes dead and our heroes living, and to those who sacrificed the very heart, the soul of their soul, and the core of their great love, this day is dedicated.

"It is a day of remembering, a day of recalling services rendered and sacrifices made, a day of resolving that the dead shall never be forgotten and the living shall ever be honored. It is a day to rekindle the fires of patriotism, to trim the torch of our national conscience and to highly resolve that what was won for us in blood and tears shall not be lost to us through sloth and easy living.

"I, therefore, call upon every citizen of the commonwealth to observe this day, to join with the ex-service men and women of the country with the American Legion and the Society of Foreign Wars, and to assist in every way in the ceremonies commemorating the services of Kentucky's soldiers and sailors, and to vow allegiance and fealty to the great principles that gave our country birth, that has preserved it, and with the support of its patriotic sons and daughters, will assure the future greatness of the country and bring new glory to the republic."

TUESDAY'S ELECTION

The election in Bourbon county Tuesday was one of the least interesting held in many years, due to the apathy of voters. There was no opposition to J. Campbell Cantrill, Democratic candidate for re-election as Congressman from the Seventh Congressional District. No interest was taken in the election, and no effort was made to get voters to the polls. Out of a total vote of 5,000 in the county, with three precincts missing out of the thirty-five, only 532 votes were cast. The three missing precincts will add but a few votes. In Rudles Mills precinct No. 3 not a vote was cast. For members of the Paris Board of Education, A. B. Hancock received 302 votes, S. S. Ardery, Jr., 300, and Dr. Raymond R. McMillan, 302.

Miss Eleanor Lytle, daughter of Mr. and Mrs. Omar G. Lytle, has the distinction of being the first woman election officer in Bourbon county, she serving in that capacity Tuesday at the Court House voting booth.

LOSES VALUABLE DOG

"Jeanne VanGronigan," a valuable police dog, belonging to James Clay Ward, of this city, and registered in the American Kennel Club, was run over by an automobile at the corner of Fifteenth and High streets, sustaining injuries that caused death. At the time of the accident the dog was accompanying Mrs. Ward. The identity of the person driving the auto was not learned. The animal was the dam of a fine dog, "Laddie," now owned by A. B. Hancock, in this city. Five of her pups sold for \$265.

THE GRIDIRON FIELD

Full of confidence, inspired by their recent victory over the Newport team in last Friday's gridiron battle, the Paris High School warriors will leave this morning for Somerset, where they hope to take the scalp of the Pulaski boys. Paris Hi will take with them a bunch of rooters, who will help to bolster the huskies up to the winning point. Somerset, though the home of the redoubtable "Red" Roberts, of the Center College team, still boasts of several other good players and Paris Hi realizes that a hard struggle is ahead of their for the afternoon, but "Carry on" is to be the word.

HUNTING SEASON OPENS NEXT WEDNESDAY

The hunting season opens next Wednesday, and every son-of-a-gun who can get hold of a dog, a gun and a hunting license, will be out in the fields bombarding quail and rabbits, with more or less good luck.

Those who intend to hunt should not fail to provide themselves with a hunting license, and have it with them at all times in the field. They must also remember that the bag limit is twelve quail per day, instead of fifteen, as erroneously published recently. The limit on rabbits is fifteen per day, and no more, to each hunter.

Many lands have been "posted" and the consent of the landowner, or the farmer who is occupying the land must be secured, before hunting.

Game Warden A. W. Bullock, with the earnest co-operation and assistance of the Bourbon County Game and Fish Club, will be on the job at all times, and it would be well for everyone to know that these conscientious sportsmen will use every effort to apprehend and convict all violators of the game laws, irrespective of their station in life.

There is a woman in Frankfort
who for religious reasons has not

many miserable married men there
are in Paris who would encourage
the promotions of such a religion.

The old-fashioned wife used to

Henry L. Mencken, critic, is

ignominious mob of poltroons

there are lots of us so brave
that we don't mind admitting
that we never read a book or an
article by this fellow, Mencken,
for construction and reconstruction.

People on the streets Monday
saw a most unusual sight, in the
many that can always be seen on
"Court Day." An old woman,
poorly clad, a long-stemmed pipe
in her mouth, came down the middle
of Main street, leading a slab-sided
cow, by a long patched rope.
Behind the cow trailed a thin,
scrawny old man, who occasionally
gave a twist to the cow's tail as if
to encourage her to make better
time through the crowded street.
Behind the whole outfit trailed a
troop of disconsolate-looking dogs,
in single file, followed by two
urchins in tattered overalls. They
managed to reach the public square,

where they were lost in the surging crowd.

If it is true that Henry Ford has
bought \$10,000,000 worth of coal
mines it cannot be much of a bunch
of mines, as \$10,000,000 wouldn't
buy much coal anywhere nowadays.

A woman coaching women stump

to the rule by masculine

A good many Christians pray
that the world may be converted,
and then sit down to wait for God
to answer their prayers. But if
they are farmers, they never pray
that God will plough their corn-

and wait to see the dirt fly.

We hear complaints from Paris
motorists regarding automobiles
and other vehicles not turning to
the right in passing another one.
Surely everyone is familiar with
this simplest of traffic rules and it
must be pure carelessness or pure
cussedness that makes anyone per-
sist in violating the rule.

A pile of junked automobiles is
not yet so common a sight as it is
likely to be in a few years. Most
automobiles are not yet worn out,
and many of the first million cars
are still running, though they may
have been rebuilt and made over
with new parts several times. It
is said that at current prices the
scrap from an automobile is hardly
worth the labor of making it. What
will become of the used cars when
there are two million or more a
year to get rid of?

Surely, the most carping critic
could find little to complain of in
the brand of weather Kentucky is
having just now. Beautiful, clear,
sunshiny, just enough of the autumn
tang in air to make one step
lively, just enough frost in the air
to make life worth living, and there
you are in God's country. Our
friends who are hastening to Florida
for their winter stay may be
missing something great, after all,
by not deferring their departure
until real winter comes.

The query department of this
great family journal has received
the following: "Should a gentle-
man who is sitting next to you at a
formal dinner be intoxicated, is it
proper to take any notice of his
condition?" Our etiquette editor
tells us to inform this querist:
"According to the observance of the
proprieties required by good breed-
ing, you should ignore the fact. On
the other hand, should he attempt
to blow powder from your shoulder-
ers, or try to undo your corset or
headress with a knife, it is proper
to stand up, and pointing at him,
say: 'This bum has insulted me. I
am a lady, even if I am in soci-
ety.'"

Joe Lavin, who is sojourning at
Hot Springs, has heard many good
things there. He says one of the
best heard there recently was this:
"A little boy from Canada, who had
never seen a negro, was riding in
Hot Springs with his uncle, one of
the old-timers, when he spied a
sleek colored woman crossing the
street near one of the busy cor-
ners. He asked his uncle why that
woman blacked her face, and was
astonished when nunkie told him
she didn't black her face, that it
was her natural color. But the kid
was inquisitive and would not be
denied, and came back at him with
the question, "Well, nunkie, is she
black all over like that?" Of course,
nunkie said she was, and then
kiddie spoiled the whole afternoon
by sweetly but mischievously re-
marking, "Gee, nunkie, you know
everything, don't you?"

D'YE MIND THE TIME

When These Things Happened In
Paris, As Told in THE
NEWS' Files?

DAYS OF AULD LANG SYNE

There's no denying that to most
of us there is a certain satisfaction
in reviewing the events of long ago,
as they are presented to us, either
casually or by force of some reminis-
cent strain of the moment. And
to those who lived here in the long
ago the recalling of events in the
old days of Paris affords a peculiar
satisfaction all its own. They, per-
haps, more than we who have
grown used to the old place, will
appreciate these items, taken at
random from a copy of THE BOUR-
BON NEWS, of Wednesday, March
30, 1881:

Dr. Noah Moore, of this county,
through his friend Blaine, gets the
Marshalship of Kentucky.

Joseph C. McClure, of Winches-
ter, was married at the Christian
church in Paris, yesterday, to Miss
Lizzie Allison, of this county.

Josh Barton sold to Owens & Goff,
of North Middletown, a yearling
bull, Knight Duke, for \$250, and to
Harmon D. Ayers, of Missouri, the
yearling bull Barrington, for \$350.

Gen. Dan Lindsay, Hon. Alvin
Duvall and S. F. Trabue, of Frank-
fort, will speak here on Saturday
afternoon, in the interest of the
Frankfort, Paris and Mt. Sterling
railroad.

Geo. White's representative from
his cooper-shop, near Paris, made a
corner on all available seasoned
barrel stuff in Lewis county, last
week, by buying all good timber at
\$35 per thousand.

The house belonging to Mrs. Kel-
ley, which was destroyed by fire, is
being rebuilt.

Thomas Clay, who was cut by Jas.
Offutt, is lying at the Bourbon
House. His wounds though seri-
ous, we learn will not prove fatal.

Col. R. G. Stoner, of this county,
sold yesterday to J. W. Wissor,
Prescott, Canada, four of his Strath-
more colts; two for \$1,000 each and
two for \$800 each.

James Henderson, who shot twice
at James Offutt, has been arrested
on the charge of shooting with in-
tent to kill, and will have a trial
before Judge Turney to-day.

Joseph Davis, recently salesman
with G. Tucker, is in Cincinnati
purchasing a stock of merchant
tailoring goods, and on his return
will open out in the boot and shoe
store of Rowland & McClure.

The election Saturday ended in a
"wow, wumpus and wiot" as is
generally the case here in primary
elections. About one hundred and
fifty drunk on election whisky,
(which means fighting whisky.)
Several knock downs during the
day and some shooting and cutting
after night.

The election for mayor and "city
dads," will be held next Wednes-
day. No one has yet signified his
intention of becoming a candidate,
although we have heard it whis-
pered that should George G. White be-
come a candidate for mayor, he
would be elected by a sweeping ma-
jority. Such a man would be an
honor to the mayor's bench, and we
hope he will condescend to become a
candidate.

The majorities for sheriff and
representative are as follows:
Offutt—Paris 70, Flat Rock 11,
Ruddles Mills 57, Clintonville 25,
Total 163. Hill—Millersburg 57,
North Middletown 35, Centerville
32, Hutchison 16. Total 140.
Offutt's majority 23.

Sheriff — Holladay—Millersburg
33, Flat Rock 61, North Middle-
town 18, Ruddles Mills 64, Clinton-
ville 9, Hutchison 8. Total 193.
Northcutt—Paris 53, Centerville 23,
Total 76. Holladay's majority 117.

The new brakeman's call on
conductor Johnnie Martin's train at
the Paris junction every afternoon,
is "change cars for Covington and
all intervening points between
Paris and Covington." The fast
line, as will be remembered, with
which this train used to connect,
stopped only at Cynthiana.

Wm. Tarr has rented his Bishop
farm on Cane Ridge, to Wm. Bark-
ley, of Lewis county, who will raise
a crop of tobacco and corn on the
shares.

The Frakes Bros., butchers, of
Paris, two very enterprising young
men, are going to establish a fer-
tilizing manufactory near this city,
and will be on the market buying
bones and carcasses of horses,
cows, etc.

Burl Higgins, who lives on Wm.
Howse's farm in Nicholas county,
has a dog which meets all men vis-
itors at the stile, takes them by the
coat tail, leads them to the house
and holds on till the man is identi-
fied and invited in the house. He
who doubts this, assails the verac-
ity of Dr. G. D. Judy.

The long litigation over the Six-
teenth street Presbyterian church
property in St. Louis has ended by
the agreement of the Northern and
Southern Presbyterians to divide

and call it "square." The difficulty
grew out of the division in the
Presbyterian churches occasioned
by the war, and both sides claimed
the property.

She greeted her guests
By Coal Oil light.

And later on,
How time does pass
Her home was lit
By flickering Gas.

But the girl of to-day
Who wants her home bright,
Just presses a button
And has Electric light.

SHOPMEN AND OFFICIALS STILL DISAGREE

Striking Louisville & Nashville railroad shopmen are willing to "make any sacrifice within reason that may be necessary" to terminate the strike, S. E. Roper, chairman of the Louisville & Nashville system of federation No. 91, said in a statement at the conclusion of a week's conference of former railroad employees. The statement reads in part: "It is not understood generally that more than 13,000 of the 15,570 who were working for the company July 1 have not yet returned to their work, owing to it being impossible to get any sort of a compromise or even to discuss the matter with road officials." Officials of the L. & N. have maintained steadfastly that there was no strike on that road and recently completed negotiations covering working conditions and wages with an organization composed of workers who replaced the striking shopmen.

WORKS FOR CHILD MUST KEEP WELL

Mothers in a Like Situation Should Read This Letter from Mrs. Enrico

Chicago, Illinois.—"I took Lydia E. Pinkham's Vegetable Compound for a serious trouble. I had tried doctors and all said the same—an operation. At first I only felt the pain on my left side, but later I seemed to feel it on both sides. I am a power sewing-machine operator and have a little girl to support. I work in a tailor shop and that line of work has been very slack this year and I am home part of the time. I do not like to take any chances, so I consulted my friends, and one lady said, 'Take Lydia Pinkham's medicine,' so I did. I have felt better right along and am in good enough health to go to work. I recommend your Vegetable Compound and Sanative Wash to all."—Mrs. MARY ENRICO, 459 N. Carpenter St., Chicago, Illinois.

Often the mother is obliged to support her children and good health is necessary. Lydia E. Pinkham's Vegetable Compound is just the medicine you can depend upon. It is a medicine for women's ailments and the relief it brought Mrs. Enrico it may bring to you. Keep well by taking Lydia E. Pinkham's Vegetable Compound.

L. & N. PURCHASES 3,000 NEW CARS

President Wible Mapother, of the Louisville & Nashville railroad, has authorized the purchase of 3,000 cars for the road at a cost of \$5,750,000.

This great increase in the road's equipment is in addition to the \$20,000,000 that is being expended as already announced.

Of the 3,000 cars 2,000 are coal cars, the other box cars.

The additions to the equipment were deemed necessary to care for the constantly increasing volume of freight on the L. & N. The cars will be delivered in the early part of 1923. They will add greatly to the facilities of the L. & N. and will be especially useful in moving coal from the Eastern Kentucky fields. The purchases are in line with the policy of the L. & N. to serve its patrons and territory in the best possible way.

STEADFAST CONFIDENCE

The Following Statement Should Form Conclusive Proof of Merit to Every Paris Reader

Could stronger proof of the merit of any remedy be desired than the statements of grateful endorers who say their confidence has been undiminished by lapse of time? These are the kind of statements that are appearing constantly in your local papers for Doan's Kidney Pills. They are twice-told and confirmed, with new enthusiasm. Can any reader doubt the following? It's from a Paris resident:

Phillip M. Heller, proprietor meat market, 314 Second street, says: "I have used Doan's Kidney Pills a few times in the past and have been greatly benefited by them. My back was lame and my kidneys acted too frequently, causing me to get up during the night. A box of Doan's Kidney Pills, which I got at Varden & Son's Drug Store gave me fine relief. I certainly think Doan's are a splendid remedy and gladly recommend them to anyone." (Statement given November 9, 1916.)

On November 12, 1920, Mr. Heller said: "I am glad to say the cure Doan's Kidney Pills made for me has been lasting. I gladly confirm my former statement."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Heller had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Add an "S," Mr. Keeper.

"A chiel among us" while visiting the zoo at Franklin park the other day criticized one of the placards, which began: "This specie of ostrich." We had to admit that it was not up to Boston's usual grammatical standard.—Boston Transcript.

It is now claimed that music is a cure for insanity. But it has also been used to drive folks crazy.

When you feel discouraged, nervous, tired, worried or depressed, it is a sure sign you need MOTT'S NERVE-PILLS. They renew the normal vigor and make life worth living. Be sure and ask for Mott's Nerve-Pills. Price \$1.00 by drugists. WILLIAMS MFG. CO. Prop., Cleveland, O.

WOMAN CONGRESSMAN WELL
KNOWN HERE

The many Paris friends of Mrs. Luella St. Clair Moss, for a number of years president of Hamilton College, in Lexington, were greatly interested to learn of her election to Congress from the Eighth Congressional District of Missouri, in Tuesday's election, by a large majority. Mrs. Moss enjoys the unique distinction of being the only woman to run for public office in Missouri this year. She won the Democratic nomination last August over two masculine opponents experienced in the political arena.

Mrs. Moss was president of Hamilton College from 1903 to 1909, and resigned to become head of Christian College for Women, in Columbia, Mo., where she has since resided. Many Bourbon county girls who graduated at the institution while Mrs. Moss was president will be glad to learn of her success.

"THE BANK OF SERVICE"

The Test of Character

The president of a big corporation gave this this reason why his company employed salesmen on a commission basis only:

"It's the best test of character we can apply. If a man hasn't saved enough money to carry himself a month or so he's rarely the kind who can measure up to the opportunity we offer."

Why not take a fixed amount out of your salary every pay day and put it to work in an interest bearing account at this bank? It will then enable you to grasp opportunity when it comes.

Pay yourself first—it's the sensible thing to do.

CATTLE BRING GOOD PRICE

Bourbon county still furnishes some of the finest cattle in the world, which are commanding record prices, as evidenced in recent sales in the county. Catesby Woodford sold Tuesday to Jonas Weil, of Lexington, fifty-four head of fat cattle, weighing from 1,450 to 1,500 pounds, at \$10.00 per hundred pounds. The cattle are for delivery December 1. Stockmen say this is the highest price paid this year for fat cattle in Bourbon county.

SPLendid FILM ATTRACTIONS AT GRAND AND ALAMO

Few pictures have revealed the manner in which restless and complaining patients in sanatoriums are diplomatically treated better than "A Voice In The Dark," a Goldwin mystery film, which comes to the Alamo and Grand Friday afternoon and night. One striking instance may be cited: An elderly woman cripple constantly complaining of her inability to sleep is relieved immediately by carefully measured doses of plain water and sugar. She saw the doctor write out the prescription, so she knew she was getting medicine.

While many stars and directors have been bewailing the lack of stories suitable for the screen, Sessue Hayakawa, noted Japanese-American star, stepped right out and wrote one for himself. Not only did he write it, but he played the star part and made of "The Swamp" one of the brilliant productions of the season. It will be screened at the Alamo and Grand this (Friday) afternoon and night.

Bert Lytell in "The Right That Failed," a Bayard Veiller production for Metro, will be seen as the motion picture feature of the program at the Alamo and Grand Saturday afternoon and night. The new picture, adapted for the screen by Lenore Coffee from a Saturday Evening Post story by J. P. Marquand, deals with a "highbrow" prize fighter who pays court to a society girl, concealing from her a knowledge of his profession because of her caste prejudice against it.

When a man steals another man's wife, that is grand larceny. "Grand Larceny" comes to the local theatres Monday, featuring an all-star cast of Goldwin players, including Elliott Dexter. The story tells of a young wife whose husband has endowd every luxury upon her, and who adores her. He is a young attorney who believes in justice, and when he finds his pretty, dashing, glorious looking wife in a compromising position, he takes immediate action to impose "justice" upon the intruder of his domestic affairs.

OCTOBER HONOR ROLL PARIS CITY SCHOOLS

In this issue THE NEWS presents the Honor Roll of the Paris City Schools for the past month, which includes the names of all students who have made a satisfactory showing in their studies at the school. A new system of grading is now in use, by which the students are given marks of B, which means a mark of ninety to ninety-five, and A from ninety-five to one hundred, letter perfect. For a student of the school to have his or her name on the Honor Roll is a testimonial to their faithfulness and application, and is something that is duly appreciated by the teacher or teachers who have had them in their care. Teachers of the P. H. S. are striving earnestly to simulate interest in the Honor Roll among the students and parents. There isn't a better managed school in the State, and no school in the State has a more efficient faculty than Paris, and the students must realize that when their names appear on the Honor Roll it is at once a testimonial to their teachers' ability and to their own capacity for receiving and applying the methods and theories of study used in the school.

GIVES TOBACCO CROP FAVORABLE REPORT

(The Business Review)

From Kentucky, where the principal crop is tobacco, we get a very favorable report.

The principal item of interest just at this time is that the Burley Tobacco Growers' Co-operative Association has just made a sale of about 54 million pounds of tobacco to one of the large manufacturers. This is said to be the largest sale to a single firm in the history of the industry. It is understood that this practically cleans up the holdings of the Association and leaves it in splendid shape to handle the oncoming crop. This sale will bring the time of the final payment to the growers for the 1921 crop much nearer and this no doubt will strengthen the agricultural situation in this territory materially as well as to offer some stimulus to business in other lines. Information regarding the prices obtained for the tobacco included in the sale has not been given out, but it is stated that it was sold on the basis of the Association grades and prices, so the prices, no doubt, will be found to be satisfactory.

The Burley crop of 1922 is going to be smaller than anticipated earlier in the season because of the dry summer, and on that account, the coming crop no doubt will bring favorable prices.

The Burley Association now has approximately 70 thousand members as compared to about 55 thousand last year, showing that a large number of additional members have been obtained this year. The sale of the tobacco held by the Association will, no doubt, mean that other growers will be encouraged to become members. The organization drive for a similar association in the dark district of Western Kentucky will be continued until October 28, and there does not seem to be any doubt but that more than the required sign-up will be obtained by that date.

DYE FADED WRAP SKIRT, DRESS, IN DIAMOND DYES

Each package of "Diamond Dyes" contains directions so simple any woman can dye or tint her old worn, faded things new. Even if she has never dyed before, she can put a rich, fadeless color into shabby skirts, dresses, waists, coats, stockings, sweaters, coverings, draperies, hangings, everything. Buy Diamond Dyes—no other kind—then perfect home dyeing is guaranteed. Just tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton, or mixed goods. Diamond Dyes never streak, spot, fade or run.

Teacher of English Bible in the Moody
Bible Institute of Chicago.)

LESSON FOR NOVEMBER 12

JESUS THE GREAT TEACHER

LESSON TEXT—Luke 6:20-49.

GOLDEN TEXT—As ye would that men should do to you, do ye also to them likewise.—Luke 6:31.

REFERENCE MATERIAL—Matt. 5:1-12; John 2:2; 6:66; 7:46; Col. 2:3.

PRIMARY TOPIC—Jesus Teaching Us to Love Everybody.

JUNIOR TOPIC—Living by the Golden Rule.

INTERMEDIATE AND SENIOR TOPIC—The Golden Rule in Everyday Life.

YOUNG PEOPLE AND ADULT TOPIC—Jesus Teaching Us How to Live Together.

1. Characteristics of the Subjects of the Kingdom (vv. 20-26).

Only those who are subjects of the Kingdom know what blessedness is. The spiritual experience of the subjects of the Kingdom are marked by the following steps:

1. Poverty of Spirit (v. 20). This means consciousness of one's lost condition and worthlessness. It is spiritual bankruptcy. It means to come to the end of self and to show sorrow for sins.

2. Hunger for Righteousness (v. 21). The one who has come to know his poverty desires the true righteousness of Christ.

3. Weeping Because of His Lack (v. 21). This is the godly sorrow which worketh repentance (II Cor. 7:10). Those who thus sorrow are assured that they shall laugh.

4. Treatment Which the Subjects of the Kingdom May Expect (vv. 22, 23). When the subjects of the Kingdom become like the King they incite the hatred, contempt and persecution of the world. Those who pass through this for Christ's sake should rejoice, for there is great reward laid up for them.

II. The Governing Principles of the Kingdom (vv. 27-35).

1. Love Your Enemies (v. 27). To love friends is easy, but to love enemies is only possible to those who have been made partakers of the divine nature.

2. Do Good to Those Who Hate You (v. 27). Love acts according to its own nature. Enmity only stimulates love to act in harmony with its own laws.

3. Bless Them That Curse You (v. 28). Injury by words is hard to let go unchallenged.

4. Pray for Them Which Despitefully Use You (v. 28). Christ's own example is the best commentary on this precept (Luke 23:34; cf. Acts 7:60).

5. Patiently Endure Wrong and Injury (v. 29). The Christian is not to bristle up in defense of his rights, but rather to suffer insult, injury and even loss. This should not be pressed so far that evildoers can go unchecked. It expresses the law which should govern individual action.

6. Give to Every One That Asketh (v. 30). This does not necessarily mean that the thing asked for should be given. We should give to every one that asketh, but not necessarily the thing asked for.

7. Do as You Wish to Be Done By (v. 31). This is called the "Golden Rule." If men were to live by this rule the labor problem would be solved. An end would be put to war. International relations would be peacefully adjusted and all profiteering in business would end.

8. Be Merciful (v. 36). The mercy of the Heavenly Father is the grand example.

9. Censorious Judgment Condemned (v. 37). We should not seek out the evil in others for our satisfaction.

10. Danger of Following False Teachers (v. 39). The one who does not know God and the way to heaven will lead others to ruin. Happily, we have the Scriptures, and the Holy Spirit is ready to make their meaning known, so there is no excuse.

11. Those Who Reprove Others Should Strive to Live Blameless Lives (vv. 41-46). It is easy to see others' faults, but hard to see our own.

12. The Sin of Profession Without Fruits (v. 46). The one who professes a life and fellowship with God should practice the principles which reveal the nature of God.

III. The Judgment to Be Applied to the Subjects of the Kingdom (vv. 47-49).

1. The one who hears and does the sayings of Christ the King shall be as secure as the house built upon the solid rock. The storms of the judgment cannot destroy him, for the Rock of Ages is immovable.

2. The one who hears and does not the sayings of Christ shall be overwhelmed in the judgment and go down to utter ruin and destruction.

The Dangerous Lie.

Every lie, great or small, is the brink of a precipice, the depth of which nothing but omniscience can fathom.—C. Reade.

Fright.

A timid person is frightened before a danger; a coward during the time; and a courageous person afterward.—Richter.

The Christian.

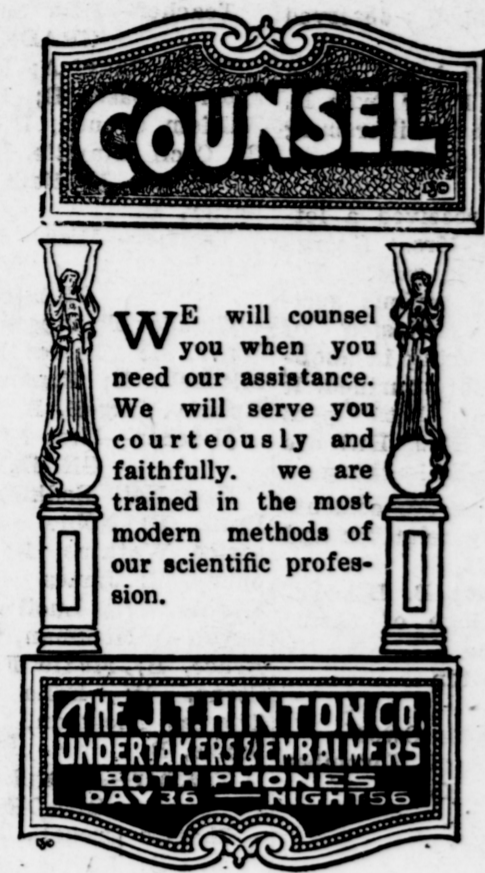

A Christian is God Almighty's gentleman.—J. C. Hare.

Are you among these thousands?

THOUSANDS of people keep on trying, year after year, to build health from food that has been robbed of certain elements required for perfect nutrition.

If your food doesn't contain the mineral properties that go to build up nerve, tooth and bone structure, there is no other means by which you can get these vital elements.

This is one reason why so many well-informed people eat Grape-Nuts

—the food that enriches the blood, and builds sound, healthy bodies.

Grape-Nuts is made from whole wheat flour and malted barley—baked for 20 hours, which develops the natural richness of the grains and makes for ready digestibility.

And Grape-Nuts is perfectly delicious—served with milk or cream, or made into an appetizing pudding for dinner.

Get a package of Grape-Nuts from your grocer today, and give the family a help to health.

"DUMP" FIRE PLAYING CONTINUOUS PERFORMANCE

For years an old "dump" near the Frankfort & Cincinnati rail road track, in South Paris, has kept firemen responding to alarms, and the wonder has been how such material as the dump is composed of had not been more readily consumed or disposed of in some more effective manner.

This old "dump" has been playing a continuous performance for a long while, and something should be done to do away with it. The firemen were called to that vicinity Wednesday morning at an early hour, and another alarm called them to the same place in a short time after returning. They were forced to return about nine o'clock, as the waste material in the old "dump" had blazed out again.

We often read of fires that have been burning in abandoned coal mines for many months, but they seem to have nothing at all on this old "dump pile."

TAKING PIG CENSUS

In compliance with a request from the Postoffice Department at Washington the rural mail carriers of the State are taking a census of brood sows and pigs along their routes, for the use of the Government. The Bourbon county carriers have been supplied with the necessary blanks by Postmaster J. Walter Payne, and are now distributing them to the farmers along their routes.

These reports will be used by the Department of Agriculture as an aid in estimating the number of brood sows on farms, the probable pig production this fall compared with last fall, and the outlook for pig production next spring as compared to last spring. These individual reports will be strictly confidential, State reports only being published. The farmer himself will be benefited most by the results of these inquiries, therefore, it will be to their interests to promptly furnish the data indicated on the blanks furnished by the carriers.

If there were not so many optimists, there wouldn't be so much oil stock for sale.

Besides her husband, she leaves seven children, all grown to manhood and womanhood, and six brothers, two of whom, Vernon ("Smiley") Ogden and R. C. Ogden, both L. & N. conductors, reside in Paris.

The funeral and burial will take place to-day at Winchester.

Mrs. Nichols is survived by her daughter, Mrs. Lula Nichols Sausser, of Mt. Vernon, Ohio. Her son, William Nichols, of Lexington, died in Lexington about three years ago. Another daughter, Edna, also preceded her to the grave several years ago.

Several years ago when Mr. Nichols received a telegram announcing the sudden death of his youngest daughter, the news gave his weakened heart such a shock that he fell over and expired in a few moments.

BOURBON CROP CONDITIONS.

For a while the farmers of the county were blue, as the prospects for their crops seemed to be an equally blue one, but they now have cause for self-congratulation, owing to recent rains, which have somewhat freshened things. Fall grains are needing rain; though they have not suffered to any great extent. The weather has been very good for sowing the winter cover crops and for shucking and hauling the corn.

A tobacco crop of very fine quality is hanging in the barns and although much of it is small of leaf and light of weight, it is expected to bring a satisfactory price, thanks to the Burley Tobacco Growers Association. A fairly good corn crop has been harvested. It is not a first-class crop, but is much better than was expected when the drought was at its height in the summer. The fruit yield has been one of the best in many years.
